RASULULLAH SALLALLAHU ‘ALAIHI WA SALLAM WARNED AGAINST THESE VERDICTS

“Consult your soul, consult your heart, O Wabisah. Righteousness is what reassures your soul and your heart, and sin is what wavers in your soul and puts tension in your chest, even if people approve it in their judgements again and again.”

PRECAUTION STILL SHOULD BE MET INCASE
THE HANDS TOUCH THE PLACES OF NAJAASAH

*“When anyone amongst you wakes up from sleep,
he should wash his hands three times before putting
it in the utensil, for he does not know where his
hand was during the night.”*

**THESE ARE THE YEARLY SPEAKERS
INVITED TO TWIST THE SEERAH AND
REDUCE YOU TO THIS LOW STATE OF
IMMORALITY!**

DO WHAT YOU LIKE

The Prophet (ﷺ) said, '*One of the sayings of the early Prophets (Alaihimus Salaam) which the people have got is: If you don't feel ashamed (pious shyness from committing religious indiscretions) do whatever you like.*'

This is why oral sex could be really bad for your health

Ten years ago, oral cancer among women was practically unheard of. Patients were nearly always male and over 50, heavy smokers or drinkers, or both. (When actor Michael Douglas was diagnosed with the illness, the media pointed to his longtime half-a-pack-a-day habit.)

But according to the *Journal of Clinical Oncology*, there has been a major upswing in HPV-related oropharyngeal cancer, a deadly disease often found in the base of the tongue and the tonsils.

In fact, up to 20% of all oral cancers are now HPV-related, according to the World Health Organization (WHO), and about 25% of cases occur in women, some as young as 19, says oncologist Dr Gregory Masters.

But how could HPV be causing so many mouth problems? It's something doctors and health experts have long feared, thanks to the rampant spread of the virus.
